

# Low Energy Electrodynamics in Solids 2012

## Monday, 23 July 2012

### Metal-Insulator Systems - Chardonnay Ballroom (10:45 - 12:30)

-Conveners: David Tanner

time	[id] title	presenter
10:45	[123] Common Fermi-liquid origin of T2 resistivity and superconductivity in n-type SrTiO3	VAN DER MAREL, Dirk
11:15	[126] Determination of the electromagnon origin in the multiferroic TbMnO3 by Raman scattering	CAZAYOUS, Maximilien
11:45	[118] Spectroscopic investigation of materials under extreme conditions	MUSFELDT, Janice
12:15	[35] Existence of Heavy Fermions in the Antiferromagnetic Phase in CeIn3	KIMURA, Shin-ichi
