

Low Energy Electrodynamics in Solids 2012

Friday, 27 July 2012

Topological Insulators II - Chardonnay Ballroom (08:30 - 10:15)

-Conveners: Kenneth Burch

time	[id] title	presenter
08:30	[136] STM Studies of Topological Insulators	KAPITULNIK, Aharon
09:00	[110] Low frequency electrodynamics of topological insulator surface states	ARMITAGE, N. Peter
09:30	[133] Novel electronic states of topological insulators studied by ARPES	SATO, Takafumi
10:00	[90] Terahertz Quantum Hall Effect in Topological Insulator HgTe	PIMENOV, Andrei
