

EOC #2

Report of Contributions

Contribution ID: 1

Type: **not specified**

Introduction and review of EOC feedback

Friday, 19 August 2022 09:00 (15 minutes)

Presenter: PRESTEMON, Soren (LBNL)

Session Classification: Presentations

Contribution ID: 2

Type: **not specified**

Review of existing and planned cable testing capabilities

Friday, 19 August 2022 09:20 (15 minutes)

Presenter: VELEV, George (Fermilab)

Session Classification: Presentations

Contribution ID: 4

Type: **not specified**

Test Facility Dipole Overview

Friday, 19 August 2022 09:40 (15 minutes)

Presenter: SABBI, GianLuca

Session Classification: Presentations

Contribution ID: 6

Type: **not specified**

Conductor and Cable - status

Friday, 19 August 2022 10:00 (15 minutes)

Presenter: PONG, Ian

Session Classification: Presentations

Contribution ID: 7

Type: **not specified**

Analysis updates/status

Friday, 19 August 2022 10:20 (15 minutes)

Presenter: VALLONE, Giorgio

Session Classification: Presentations

Contribution ID: 8

Type: **not specified**

Project technical updates - Facility

Friday, 19 August 2022 11:10 (35 minutes)

Presenter: VELEV, George (Fermilab)

Session Classification: Presentations

Contribution ID: 9

Type: **not specified**

Q&A

Friday, 19 August 2022 11:45 (15 minutes)

Session Classification: Presentations

Contribution ID: **10**

Type: **not specified**

Discussion: technical aspects, risks, and schedule

Friday, 19 August 2022 12:00 (30 minutes)

Presenters: VELEV, George (Fermilab); SABBI, GianLuca

Session Classification: Presentations

Contribution ID: 12

Type: **not specified**

TFD engineering design and fabrication

Friday, 19 August 2022 10:40 (15 minutes)

Presenter: RUDEIROS FERNANDEZ, Jose Luis (LBNL)

Session Classification: Presentations
