

# 2017 International Germanium Detector Technology Workshop

## Monday, 4 December 2017

### Afternoon 2 - Auditorium (15:55 - 17:55)

-Conveners: Klaus Eitel

time	[id] title	presenter
15:55	[12] Phonon-induced plasma expansion in cryogenic Ge detectors: evidences and consequences for charge collection	BRONIATOWSKI, Alex
16:25	[14] Athermal Phonon Thermalization	PYLE, Matt
16:45	[13] Minimizing Charge Leakage through Ge/Insulator/Metal interfaces	MIRABOLFATHI, Nader
17:15	[15] Growth and Characterization of Large HPGe crystals	WANG, Guojian
17:35	[16] Cosmogenic activation of Ge	WHITE, Brandon
